## IFAM International Folk Art Market

Presented By Dallas Market Center

Northern Mali artist collective Timidwa was founded with the mission of bringing people together united in common creative goals. Timidwa's members not only support each other creatively – sharing skills and design techniques – but also socially. Timidwa's silver jewelry, often set with bold, large segments of polished semi-precious stones, are in a class of their own. From start to finish, everything produced by Timidwa's artisans is handmade. This principle even extends to leatherworking tools. In many cases, artisans use engraving tools of their own construction and design. Remarkably diverse, Timidwa's members are nevertheless united in making some of the finest, and most breathtakingly unique, artwork imaginable.
